

## TECHNICAL CARD

PIR motion and light sensor

# VIDEX®

Free

-20° +40°C

IP20

## WARRANTY 3 YEARS

### Electrical parameters

|                                 |                        |
|---------------------------------|------------------------|
| Rated voltage, frequency        | AC 220-240 V, 50/60 Hz |
| Input interface                 | Terminal block         |
| Electric shock protection class | II                     |
| Standby Power (Psb)             | <0.6 W                 |

### Photometric parameters

|                        |           |
|------------------------|-----------|
| Sensor light threshold | 3-2000 Lx |
|------------------------|-----------|

### Additional information

|                             |               |
|-----------------------------|---------------|
| Place of installation       | Ceiling       |
| Place of application        | indoor        |
| Housing colour              | Black         |
| Ultraviolet radiation       | no            |
| Motion sensor               | yes           |
| Sensor type                 | PIR           |
| Sensor detection angle      | 360°          |
| Sensor time delay           | 10 s - 15 min |
| Sensor detection distance   | 2 - 8 m       |
| Operating temperature range | -20° +40°C    |
| Ingress protection          | IP20          |

Allegro opt Sp. z o.o., ul. Mierzeja Wiślana 11,  
30-732 Krakow, Poland.

The product must be used indoors

Class of protection against electric shock II - provided not only by basic insulation but also by double or reinforced insulation

The product meets the requirements of EU directives

It is forbidden to throw away waste equipment marked with the symbol of a crossed-out bin with other waste

Free

— The product does not emit ultraviolet light

-20° +40°C

— Operating temperatures range

IP20

— Class of protection against dust and moisture. Protection against solid objects larger than 12 mm; no protection against moisture
