

## TECHNICAL CARD

PIR motion and light sensor

Pursuant to the provisions of the WEEE Act, it is forbidden to put waste equipment marked with the symbol of a crossed out bin together with other waste. The user, wishing to get rid of electronic and electrical equipment, is obliged to return it to a waste equipment collection point. There are no hazardous components in the equipment that have a particularly negative impact on the environment and human health.

### Electrical parameters

|                                 |                        |
|---------------------------------|------------------------|
| Rated voltage, frequency        | AC 220-240 V, 50/60 Hz |
| Input interface                 | Free wire ends         |
| Electric shock protection class | II                     |
| Standby Power (Psb)             | <0.9 W                 |

### Photometric parameters

|                        |            |
|------------------------|------------|
| Sensor light threshold | 10-2000 Lx |
|------------------------|------------|

### Additional information

|                             |                             |
|-----------------------------|-----------------------------|
| Place of installation       | Ceiling, Flat surface, Wall |
| Place of application        | indoor, outdoor             |
| Housing colour              | White                       |
| Ultraviolet radiation       | no                          |
| Motion sensor               | yes                         |
| Sensor type                 | PIR                         |
| Sensor detection angle      | 360°                        |
| Sensor time delay           | 10 s - 7 min                |
| Sensor detection distance   | 2 - 8 m                     |
| Operating temperature range | -20° +40°C                  |
| Ingress protection          | IP54                        |

## INDEX: VL-SPC24W

-  The product must be used indoors
-  The product must be used outdoors
-  Class of protection against electric shock II - provided not only by basic insulation but also by double or reinforced insulation
-  Waste recycling after the end of the product's service life
-  The product meets the requirements of EU directives
-  It is forbidden to throw away waste equipment marked with the symbol of a crossed-out bin with other waste
-  — The product does not emit ultraviolet light
-  — Operating temperatures range  
-20° +40°C
-  — Class of protection against dust and moisture.  
The product is protected against the ingress of water and dust particles into the housing
