

TECHNICAL CARD

Facade luminaire

IP54

WARRANTY 3 YEARS

General parameters

Light source replaceable	end user
--------------------------	----------

Electrical parameters

Rated voltage, frequency	AC 220-240 V, 50/60 Hz
--------------------------	------------------------

Input interface	Terminal block
-----------------	----------------

Additional information

Place of installation	Wall
-----------------------	------

Housing colour	Black
----------------	-------

Operating temperature range	-20° +40°C
-----------------------------	------------

Ingress protection	IP54
--------------------	------

Housing material	Aluminum
------------------	----------

Dimensions

EAN	4820246480833
-----	---------------

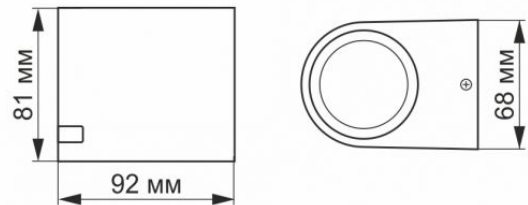

Height	81 mm
--------	-------

Width	68 mm
-------	-------

Depth	92 mm
-------	-------

Outer box	20 pcs.
-----------	---------
