

TECHNICAL CARD

Wall-mounted spot luminaire

Pursuant to the provisions of the WEEE Act, it is forbidden to put waste equipment marked with the symbol of a crossed out bin together with other waste. The user, wishing to get rid of electronic and electrical equipment, is obliged to return it to a waste equipment collection point. There are no hazardous components in the equipment that have a particularly negative impact on the environment and human health.

WARRANTY 2 YEARS

The decorative wall luminaire is intended for installation near sofas, armchairs and beds. With a mechanical switch, it's great for reading and for bedside lighting. The body of the lamp is made of aluminum - a light and durable metal that is not subject to corrosion. The surface of the case is covered with matte paint with a sandy texture, resistant to small scratches.

General parameters

Light source replaceable	end user
--------------------------	----------

Electrical parameters

Rated voltage, frequency	AC 220-240 V, 50/60 Hz
--------------------------	------------------------

Input interface	Terminal block
-----------------	----------------

Electric shock protection class	I
---------------------------------	---

Additional information

Place of installation	Wall
-----------------------	------

Place of application	indoor
----------------------	--------

Impact protection	IK07
-------------------	------

Housing colour	Black
----------------	-------

Operating temperature range	-20° +40°C
-----------------------------	------------

Mercury content	Does not contain
